About India Boiler dot Com

India Boiler dot Com is a knowledge Management network, offering training and consultancy services to the industries.

Since its inception in 2000, IBDC has excelled in effective knowledge transfer to the industry and grown from strength to strength. Today, a large number of industries connected to this network are regularly getting the benefit of this platform, through which IBDC is offering technical training and consultancy services to most of them.

IBDC has also developed a unique community of industry professionals in the name of **Plant Operation & Maintenance Club** (www.pomc.co.in). A state of art web site, developed by us, facilitates interactions among the professionals and offers a common knowledge sharing platform to all the professionals with an access to various experts, Research Institutions and other knowledge management organizations.

Today a strong network of expert professionals in various spheres from different part of our country is one of the core strength of this organization.

IBDC have the capabilities and expertise to offer training on:

- Every aspects of steam generation and power generation,
 - Energy Management,
 - Preventive & Predictive Maintenance Programme Development,
 - Condition Monitoring of Equipment,
 - Welding and inspection,
 - Electrical System and safety,
 - Industrial Health & Safety,
 - Environmental Management System (EMS),
 - Implementation of modern maintenance management systems like TPM, TQM, Six sigma, Kaizen, etc.,
 - Behavioral Management topics like 'Motivation', 'Creating a proactive work ethos through attitudinal change', etc.
- and many more.

We are capable of fulfilling every training needs of the Industry
